What is a Quarter Auction? It is part raffle, part auction, and part fundraiser that works a bit like bingo. People bid on items using numbered bidding paddles with matching ping pong balls in a spinner. Unlike normal auctions, you do not have to increase a bid to potentially win an item. Yet like a raffle, your numbered paddle is your raffle ticket. In short, if they call your paddle number, YOU WIN! Your numbered paddle is included in every item being auctioned. No quarters needed! Additional paddles will be available for sale. There will be several amazing vendors on site with items to purchase.
